

Speaker 1:

Hey, mate, welcome to What Will It Be? podcast where we ask, "What will it be, a slave to Satan now on Earth, or will it be an adopted son on God now on Earth and forever?" [inaudible 00:00:06] this day.

Robert:

Good morning. This is Robert with What Will It Be? podcast. Somewhere in this world, it's morning. It could be afternoon, good night, but good whatever. I'm going to talk to you about being born again. This time, I promise you that I will stick to the script as much as possible. Usually, I've been kind of rattling on these first few podcasts, and whatever the Holy Spirit gives me to say, I say. That's His podcast. I'm just a mouthpiece. I'm in the flesh, and He's not. He's spirit, and He lives in my spirit and is with me day and night, 24-7. Where I go, He goes. Whatever I do, He does. So be careful, if you have the Holy Spirit, not to grieve the Holy Spirit. That'll get Him upset.

Robert:

Basically, I want to talk to you about being born again. Everybody born is born spiritually dead. That means you're not connected to God. That's why you don't believe that there is a God because you're not born again. And to ease your mind, I have always said that God is kind. He's loving. He's a spirit. He has His light, which is a soul. And He is love. Not has love, is love. Everything He does is in love. What does that mean? Well, I'll get to that [inaudible 00:01:48] it'll be a three or four-part series, probably. And I'll talk about, "What is love?" Love is not lust of the flesh or affection, which means, "I like the way you smile. You make me laugh," that sort of thing. Physical things, mostly, but they're spiritual.

Robert:

But what you really want to know is what is the benefit of having God in your life? Everything. Everything works the way it's supposed to with God in your life. If you're born again, which means you have a new spirit, which Adam lost in the Garden of Eden by way of Eve, you were cut off from God because Lucifer, who became Satan, said to Adam that Adam could be more than God told him he could be. He was a servant or something like that. Anyway. The reason you are spiritually dead is because of what he agrees [inaudible 00:03:10] Satan said he could do, and he believed him, and so he [inaudible 00:03:15] from God. So now you repent of that sin, because you're inherited that sin from ... It was written by one man. Sin came into this world and, by one man or a soul or a spirit, Jesus, the world sin was taken away. As John the Baptist said to Jesus Christ at the river called Jordan, he said, "Here comes the one who takes away the sins of the world," talking about Jesus Christ.

Robert:

Now, I want to talk to you today about being born again and the benefits of. You can get a lot of things talk to you about God. You can read about Him, what others say about Him. But what'd He say He is? That's most important that you get through your head what He said. First, He said He is forever and never been born, He always was. He's the beginning and the end, the alpha and omega. So He is spirit that has a soul, which we call your soul, and He is love. Then everything that He does is in love. If you want to be born again by way of Jesus who's authorized to give you a new spirit, by confessing the fact that you are a dead spirit, and you believe in Him and what He did, just confess your sins. He remembers it all. You don't have to remember all them, just confess all your sins because you're a very rare person if you can remember every last sin. I don't think there is one. So [inaudible 00:05:24] confess your sins and mean it, and He will give you a new spirit.

Robert:

There's some people out there that'll say, "You get the Holy Spirit at the same time." No, you don't. You ask Father, and He will give you His spirit because Jesus is a begotten son. He is born again from God, or He's a part of God. Then on the Holy Spirit, it says, "Proceeds from God," which means He came out of God. [inaudible 00:06:02] all together, there's only one God. There's three facets or three parts or three people are all God, okay? They're God because they can do everything that there is. They can make grass. They make trees. They make birds. They make buffaloes. They make whatever. They make the situation you find yourself in.

Robert:

Your spirit, dead or alive, is up to you. You can decide for God or not. If you're not, you're going to be taken out there for a little while. God is going to renovate the place by burning, probably. And there's nobody else [inaudible 00:06:50] the angels, the demons, and such [inaudible 00:06:55] spent a thousand years in the pit chained up, spiritual chains, by the good angels, the two-thirds that stayed with God. The other one-third that followed Lucifer were ones that he had play over. He had authority over them, so they do whatever he said. If he says ...

Robert:

I'll let you in on a [inaudible 00:07:20] secret. How all this is going to end is that everybody will confess Jesus is Lord and be returned home. That includes the demons. That includes Satan, who will return to Lucifer because he will recant what he said. He will retract what he said, and he'll go through the lake of fire, or the fire of God. The fire of God purifies, does not destroy. God is not a destroyer. He is a kind, loving, looking for the ... a merciful God. And it is a privilege to be a member of the Kingdom of God. And I encourage everybody that's listening to this podcast to do just that, become a part of God's family, and you can do it right where you're at. Bow your head and talk to Jesus as if He's there. He is. He is everywhere. He's omnipotent.

Robert:

Jesus said, "The spirit is like the air that you breathe [inaudible 00:08:33] all the time." And He said, "Where is Heaven?" Heaven is all the land mass ... Well, between land and the atmosphere is what they call the firmament, our land water, and the rain and the water that's on the surface, between there was Heaven. So you're in between the sky and the Earth is Heaven. So when you're walking through in this body ... There's physical body if you're going outside in, which is not the way you're supposed to [inaudible 00:09:15]. Supposed to go from the inside out with spirit, soul, then your body. Our outside is a body. Immediately below that is your soul from your soul from your head to your feet. Then, after that, is your spirit. Now, I know they've been showed before in the past as circles, like the flesh and it's all interconnected.

Robert:

And the way you do this is you're not connected, so you got to learn about the goodness of God, and it's so good, there's no physical person on Earth that you've ever read about or heard about or been one of the same as God. He is honest. He is just. The fact that He's not willing to kill people doesn't mean He doesn't have the ability to. He is humble. Humble is having the ability to do something and not using it. In other words, let's say in the old days you had a sword fight, and you had to disagree with somebody, and all they had to do was pull out his sword and end the conversation. But if you left your sword in

your sheath or ... and, sorry, solved the problem without violence, then that's being humble, and God expects you to be humble. If He ...

Robert:

Pilate asked Him if He was a king, and He said, "You said I'm a king." He said, "My kingdom is not of this world." And all those that are born again are not from this world, so stop trying to live like this world. Learn what it is to be a spirit and what's required of you by the kingdom. The spiritual world is number one. The physical world is ... Father, God, wanted to expand His kingdom. It is written in the Bible, or scripture, as you prefer. I prefer to call it ... Anyway ... scripture because it makes ... Well, anyway.

Robert:

So, anyway, I'm running out of time here already, so I'm going to talk about how you do things. If you're not born again and the Holy Spirit is not inside you, please do not think you can manifest anything. You can do nothing without him. Without the Holy Spirit sent by Jesus, who talked to the Father, and Father agreed to send a spirit so we won't be orphaned. We won't be by ourselves. We're never ... I'm never, ever alone. So the Holy Spirit is with me night and day, 365 or every ... Well, whatever. Every day of every day, even at night. When I go to sleep, He's with me. When I get up to go eat, if I take a shower or if I go shopping, if I go to a movie or whatever.

Robert:

It's not that He's keeping an eye on me. He makes you powerful. Power comes with the Holy Spirit. So does that mean you mistreat the world? No, it helps you tolerate the world a little bit. For those people who want to be Satan's king, I don't think so. You don't know who you don't know. You don't know God because you haven't been born again. And those who say they have, have not.

Robert:

You cannot discount God once the Holy Spirit is in you because God is in you. And you start talking to Him, He'll start talking to you. Anyway. I keep coming back to this thing [inaudible 00:13:27]. These spirits are word of wisdom, the word of knowledge, faith, the gifts of healings, miracles, prophesy, decision between [inaudible 00:13:45] the tongues. Okay. I can talk about those all day long because there's a lot to be talked about.

Robert:

The one I want to talk to you most is the gift of miracles. I have been in many different churches, and I never once have heard of the office of call miracles in these church. In the Bible, you hear about them. These are people who can readily perform miracles. It's not a special person. Anybody that's born again with the Holy Spirit in them can do miracles, or what the physical world would call a miracle. In the spiritual world, they're just normal, everyday things.

Robert:

But how you were made ... First of all, God made the flesh. He formed it out of the dirt, and then He breathed in your nostrils the breath of life, the Holy Spirit or a spirit in you, and you came alive, okay? And He walked with you in a [inaudible 00:14:54] day around 4:00, and He did things. Then there is ...

Robert:

Anyway, I got the wrong [inaudible 00:15:02] here. Anyway. I'm just talking. We're almost at the end of this podcast. I know a lot of them seem to be the same, but there are differences in each one. In some areas, I go a little deeper. Next time, I'll do it a little more and a little more and a little more. I want to go a whole podcast about different things. So, like I said, this is every Thursday, Friday about the same time, about noonish, 1:00. I want to talk to you as a friend, not as a ... I read the scripture. I can do that, but the words I speak to you are from the Holy Spirit. So, for now, I'm going to say good afternoon, good night. This is Robert for What Will It Be? podcast.
