

Speaker 1:

Hey, Mate. Welcome to What will it Be? Podcast where we ask, "What will it be slave to Satan now on Earth or will it be an adopted son on God now on earth and forever?". Choose ye this day.

Robert:

Good morning, this is Robert with WhatWillitbePodcast.com. To wherever you are in this world, what time, day, night, whatever. Good morning. Good afternoon. Good night. That's what we used to say when a batter comes up to the plate, playing baseball and a pitcher would throw the first pitch and the batter would swing and we would go, "Good morning." Then the second pitch would throw. Same thing. And we'd go, "Good afternoon." And a third pitch was strike also and a guy swung and missed, and it was a good afternoon, good night. So, one, two, three.

Robert:

This is coming about you a few days before Christmas and I want to talk to you about the true meaning of Christmas. Christmas is a birth of Jesus Christ. There's been through, however you stand and what religion you are part of, or are not born again, or you're desperate or whatever. Depends on what your viewpoint is as to what this is means.

Robert:

But for all, it's a season of love. It's about love, period. That's what God's all about. He's not about war, in the way that we mean war with blood and guts and all that stuff. That stuff Satan likes. He likes war. He likes to see people fighting each other. God is just the opposite. He will fight a war but his war won't be like a physical war. It will be a spiritual war and what he can do with spirits nobody can. He can create them from his spirit, but Satan doesn't have the ability and regardless of what you think, you are not your own. You're either influenced by Satan, who once was Lucifer, who's a chairman angel who has no power other than his making people believe that he doesn't exist. And that he can talk to you and you think your idea is your own and it's not.

Robert:

Or God operates the same way. He can speak to you through his Holy spirit and the difference is your spirit is dead. Why? Because of Adam. The first Adam. Cherub and angel named Lucifer over stepped himself and told him that Adam, through Eve, that he could be more than God told him he could be. His creator.

Robert:

So did this, his creator, God, the Father, who said, "In the moment you take this angel's word as law, you will surely die." What that means is you are fiercely separated from God or you're dead because God is life. He will give you eternal life but you have to decide this yourself.

Robert:

And the first thing you need to know is everything good about God? Why should you do this? What happens to you after this life? When you go in the grave, what's going to be? What will it be?

Robert:

Will it be a slave to Satan and years later, you're off the planet? Well, in a matter of speaking. And that's it. You're going to go to, as the two thieves on the cross said to Jesus, "Remember me when you come into your kingdom." And Jesus said to them, "This day, you will be with me in paradise." Paradise is a part of heaven. It's a section of. You can see this part of heaven in the floor, in the throne room of God, but I don't want to talk to you today by the reason for Jesus Christ coming.

Robert:

In this world for over, we don't know how long, but over 2,000 years, Satan had the run of the thing. He would do whatever he wanted to. He was far from heaven and he lost all of his power, all of his ability, except for being invisible, his spirit, and he can still speak to people. He whispers in their ear.

Robert:

Anyway, the reason Jesus came was set to defeat the Devil. And he did this. How? God, the Father, or God period, selected a female, Mary, who is a lineage of... she's a 14 generation and the Holy spirit impregnated her. Not in any human way but in Godly way. And she gave birth to flesh and bone. That was Jesus. Father put the Son, which is spirit and has a soul, in the body, in Jesus.

Robert:

When Jesus came of age, usually about 30 years of age, in the river Jordan he was baptized by John the Baptist and the Holy Spirit came into him. So now you have Jesus Christ, who is a living spirit himself being baptized in the Holy Spirit in him. So you got the Holy Spirit in him. And God says loud, so that everybody can hear him at the Jordan river, "This is my Son. Listen to him. And if you do, you'll thank me for that." And he thanked him for coming and showing us what? How we are to live.

Robert:

We are to live a spirit filled life where we are truly spirits who have a soul that are in a body. Now, as Christmas comes, we give thanks for this moment that he was born into this world. Everybody that is on this world is born again, is flesh and blood, and is a spirit, has a soul and a body. 1 Thessalonians 5:23. Anyway, there's those two but that's an easy one to remember.

Robert:

Anyway, on this Christmas Day, I want you the people to give thanks to Jesus for coming and returning after His ordeal on the cross, where He showed Lucifer who He is. There was nothing that Jesus did was wrong or against the law, any law. The only thing he did is tell the truth and the Sanhedrin, who are the leaders of the Jewish faith, he was a risk. He was a competitor of sorts because when they believe in God and he was God. They were Sanhedrin out there, dude. They would not allow people into the kingdom of God, which is a whole different story altogether.

Robert:

So there's so much more I could pass on to you but why do you remember? Why should you be of the [inaudible 00:08:42] ? Jesus came and died once, for all. The reason that he did that is because there can be no complaint. Even the atheist says, "I don't believe in God. I don't believe in Jesus. I don't believe any religion. I'm doing everything my way. And it'll be good enough. It'll get me into the gate."

Robert:

Nope. Sorry. You won't be in the family. You'll be a servant. If God makes the arrangements for that, that you become a member of a family, that's his choice. That's up to him. But what's been written, he spilled into it. Why are there two judgments in Heaven? One, the white throne judgment and the other one is the Bema seat judgment. Look them up. Think what they stand for? One is a Jesuit seat of... like an award ceremony. You get rewards for gold, silver, precious stones are things you're rewarded for and for remembering who you are when you were born, giving your life to Jesus Christ, who gives you the new to become a new creation, then you can ask for and receive the Holy Spirit.

Robert:

And very, very important there's lots of you out there. I know. You've got to start talking to him. You can pray if you want to but just talk to him like he's your friend. He's going to be with you forever and, like I used to say it, forever a day. That's my way of saying forever and ever and ever and ever and ever. For eternity. How long's eternity? Forever. How long is forever? Eternity.

Robert:

What are you going to do with the rest of your existence? You can't call it a life because there's no life in it. There's flesh life. Your body will walk around and your soul is alive because God puts it in there at the same time he does the spirit. But when you're born, you were born dead, and you walk around this world and all thinks there's not receiving any information from God period. You will get your spirit when you confess, "Jesus is Lord." Your knees will bow when you see Jesus who he really is in the spirit, but you got to die to do that.

Robert:

We're talking about living the heavenly existence now. Inside of you, like me, is a living spirit. And the Holy Spirit lives inside of me and he wakes me up at early, early in the morning and lately he's allowed me to sleep a little late. So, this time, this episode is coming to you in the afternoon because well, it's Christmas and everybody sleeps in a little bit later every once in a while.

Robert:

I wanted to do this message today so I could take the next couple of days off to do Christmas stuff. So we got a Christmas tree up and we've got a packages. We tell all our kids, back in the day, all the packages were just empty boxes for Santa Claus. It's a holiday. I don't want to ever, ever forget that it's the birthday, however many years it is now, if you can count them it would be 2,000 plus years ago.

Robert:

It's how old he would be this thing. And he still... [inaudible 00:13:02] Jesus is very, very much alive. He is spiritual now. As spirits, when you're go to him and you're born again, he already died, he already paid your sin debt. You're not going to a Hell or a Hell like has been described. When I was going up, I gave my life to God because I was afraid that he would send me to Hell. The hellfire brimstones [inaudible 00:13:32] features back then. And they made you afraid of God and that's carried on. It should not be. God is love. He's not going to do anything derogatory to you but you must decide for him, period. If you do a nod, then you do it all over again.

Robert:

It's not reincarnation because gosh, reincarnation simply means that they always seem to come back somebody famous, rich and famous, and they don't ever come back to be ugly woman or ugly man or poor, living desolate, or whatever. They don't ever. Always come back rich. There's no such thing as reincarnation. What it is, is God will take you to paradise. You'll live a decent life. All this is as a spirit. You'll get at spirit. And then what I read and know what I know, you won't be a member of the family. You will be placed there. Lucifer and his people, or his angels as the Diabolos, will go, be locked up in the bottomless pit for 1,000 years and then released again. And the people that have not confessed, God as Lord or Jesus as Lord, that means owner or possessor.

Robert:

Then you will go back to Earth and people that are good in life and filled with the Holy Spirit will be members of the family, which means they can transcend between the physical world and spiritual world. You can go back and forth but you have to have a place for your physical body to take rest like when you're sleeping or taking a nap or someplace you can park your spirit because you can not go into the spiritual world in a physical body. It's not possible. That body that you see right here is going to go, in my case, I'm going to be cremated. As for my ashes, they're going to spread all over the Earth somewhere. Or you can be buried in a casket and all that stuff. You're still going to be ashes in the beginning. So, you can take the slower road or you can take the fast road.

Robert:

Anyway, I've got to come to the end of podcast and I want to talk to you again about send me an email. Let me know what you're out there and where in your country you're from and you can divulge whatever you want. Go to a website called [WhatWillitbePodcast.com](http://WhatWillitbePodcast.com). It's all one word, all tied together. There, on that website, you can find other podcasts and you could find how to send me an email. It's on there already. And you send it to [Robert@WhatWillitbePodcast.com](mailto:Robert@WhatWillitbePodcast.com). I know it's a long thing but it's easy to remember. That's the more important thing. What Will it be Podcast. If you would like to donate something in the form of a pledge or something, there's opportunities on the website to do that.

Robert:

That's, I can tell you the benefits, people are really fickle about their finances for something in this world. The more you give away, the more you're going to get. Especially if you're doing the work with the Holy Spirit. He will bless this podcast because I'm doing his work for him in the physical. He's supporting me. And I hope he puts it in your heart to send something along. He'll help defray the cost of doing this podcast. I'm going to do this no matter what so you might as well be a part of it, and everybody that says yes to Jesus along the way because they got this podcast somehow is going to be blessed.

Robert:

Which means, I don't know how it comes about, but it will come about because I could talk to you about this all day, but you want to go to Philippians 5 and be a partner and as a partner, whatever you contribute to this podcast is as if you were doing this podcast yourself and God will prepare your place for you and he has done that and he wants you to prosper.

Robert:
