What will it be slave to Satan or an adopted son on God? Choose ye this day.

Robert:

Good morning. This is Robert with What Will it Be Podcast. Coming to you one more time this week. And I want to talk to you about being born again and filled with the Holy Spirit, and above those and with those, I want to talk to you about the kingdom of God. Many people have wrote me and asked for how are you supposed to live in this world? You're to live in this world, once you're born again, filled with the Holy Spirit, the way is the kingdom of God. And let me tell you, it's a spiritual kingdom. You won't see it. It's not physical. You'll see the results of it because you will have the fruit of the Spirit in you. That's love, peace, patience... Peace, patience... Well, anyway, the fruit of Spirit.

Robert:

From those, those will naturally flow out of you. You won't think about things very much, they'll just happen to you because you're a kingdom citizen and your goal is to expand the kingdom of a God and you do this by planting seeds. The Holy Spirit will convey to people other sin and we'll bring them into the kingdom. Your sin debt has already been paid. Jesus did that. He sent the Holy Spirit. He asked his Father to send his Spirit. The Holy Spirit proceeds from God, so it's His spirit and He lives inside you and He will remind you of the good things of God. The good things will overtake evil always. You do feed evil, which is everybody that's not born again. Okay. Is you good defeats evil. So, if you're good, the goodness will overtake evil. If you come across evil, you overcome it good.

Robert:

Anyway, back to the kingdom. You live in a kingdom that is not of this world. Like Jesus said to Pilate, "If I am a King, you say that I'm a King and that my kingdom is not from this world." So when you're born again, you're born from another kingdom and another dimension. Or another place, where Jesus is. That's the Kingdom of God.

Robert:

What he said about the kingdom, you are to take fact. He is King of heaven and earth right now. Not tomorrow. Now he comes back and all that stuff. It's right now. So you live in another kingdom, your spirit does. We're talking in spiritual stuff now, we're talking about flesh and bone. The flesh and bones will be reflected of the inner man which is called your soul and your spirit. Your soul is your brain or your mind. Your brain is about, I've been told, three pounds of gray matter. Inside that is the mind, another name for a soul.

Robert:

And your soul must be regenerated or renewed. And you do this according to Romans Chapter 12, you do this by renewing your mind or your soul, same thing, and because your soul stands in the middle between the physical world and the spiritual world, and that's your mind or your soul. So what you take into your soul from your eyes, your ears, what you feel, taste, touch, five senses. That's coming into you, to your soul. And if you're only that you're not spiritually dead.

Robert:

The penalty for Adam was death. Well, a spiritual day. That means you cannot talk to God and He can, if He wants to. Talk to you but usually not. He's waiting for you to repent of your sin. What you thought. You thought you could live without God and you can't. You can't live without Him. Don't even try. And some people will think, "Well, I can live my own way, my own thoughts." And you're not your own.

Robert:

If you think that way, then Father let you live that way. You don't have to. You could be told anything by anybody, that a person who's born again will tell you the truth. Straight up. They won't be any problems other than you're not understanding something about the kingdom and you will have the Holy Spirit and he'll explain things to you. You'll have access angels and they will do what you asked for because they will hear, not you, they'll have the Holy Spirit which is a God. Angels hearken only to the voice of God. Not everybody can say talking to you. But angels will often forgotten, but those who have reached salvation, that's everybody, can talk to the angels but you need to be born again so you're part of God's family.

Robert:

And in the kingdom of God, you're going to have access to everything that's in the kingdom. You're going to respond by what your King says, what Jesus says. If the world says, the physical world, says it's okay and Jesus says it's not okay then you do what Jesus says, Jesus Christ, because he's the King. I mean, he's the boss of heaven and earth.

Robert:

And, so, be obedient. Do what he says. And his way is meek and mild. He's not very violent. Says the King is taken by violence. Well, because violence is talk. Words. Man's world is a sword or a gun or something like, it's a physical weapon. Weapons of the kingdom of God are love. That's the Spirit. And if you are full of with the Holy Spirit, you can plant seeds and the seeds is love, joy, peace, patience, gladness, goodness, playfulness, fruitfulness, self-control.

Robert:

Here we go. Been a while. Anyway, these things are just come out of you. When you decide you're talking to a person and you say, "God loves you." You just planted a seed. It's that simple. You cannot be a member of the kingdom of God if you're not born again. Can not. But if you're born again and asked for, to the Father, for your spirit, the Holy spirit in you, he will live inside of you and your spirit.

Robert:

Your spirit, who has a soul, is in a body. That's who I am and that is all my kingdom friends are like that. And we're here not to pass away our time, we're to advance the kingdom of God as quickly and as efficiently as possible. How long is it going to take? God will say, "Hang in there." He has time. God has created time. So, we're in time now. So, when we make our enemies our footstools, especially Lucifer or Satan, when he recants what he says and we've chained him up or the angels, the good angels, was the two thirds that stayed home, stayed where they're supposed to be.

Robert:

They will walk or escort him into the lake of fire. The lake a fire is not... you don't burn. Angel, angelic spirit is a type of spirit but it's not the same as God's spirit. Ours are like God but not exactly. He's a

peer. He's peers. What people don't realize too is a spirit has many spirits. In other words, there's nine of them we know of. There's probably more. Any guy that's ever a spirit there ever was.

Robert:

And here's one of the people that will shock you. It is written that God created Lucifer or Satan or Devil. And why did he be? It's said that pride was found in Lucifer and that's what's causing all this stuff. He has gone about his way of destroying God's creation. And God says, "Nope. You're not going to do that." He settled the metal right off the bat.

Robert:

He sent His own son here to save you, which He did. He beat Satan and made a public show of Satan. Why? Satan through events, man, the Roman soldiers, and the Sanhedrin that he deserved to be crucified but he was guilty of nothing. He was guilty of no sin but they made up stuff that would meet their requirements. And to prove that Jesus right, he walked out of the tomb. Had angels roll the rock away.

Robert:

I tell you all more about that stuff, but basically they had a tomb and Jesus' body was put there by Joseph of Arimathea and he was a rich guy, so it was a nice tomb if there is a such thing. Anyway, he laid in there for three days which is a known thing to this day. If you laid it in one spot for three days and they didn't know anything about your breath or respiratory system or any of the modern ways of telling if you're dead or alive. They didn't know that. They just went by if you don't move for three days, you're dead.

Robert:

So, they put you in the tomb. And for three days, to prove he was dead, Jesus, in the spirit world, went to Hell and took those that were there to paradise like he did to the criminals. then he came back to life, three days later. He walked out of the tomb. And only God can do that. Can you? No. You couldn't do that. I can't do that.

Robert:

I'm hopeful and I know that Jesus will take me to heaven, which is take me up to heaven. Heaven is right here. You can't see me, but... It's where there there is not you or something. That it's heaven. Heaven is... You can't see it. But once you become a kingdom citizen, the doors are open for you. Everything you want to know, just ask. But nothing is automatic in the kingdom. You have to ask and you have to learn how to ask. You can have everything but you got to learn how to ask.

Robert:

You know, if you are going through this world and there's a fire that is come around, you don't have to be beholden to them. If you know for sure that you're a kingdom citizen, you're born again, filled with the Holy Spirit, and the Holy Spirit says, I asked him, "Is there any danger for me here?" And he answered and said, "There's no danger." So I took his word for good and I figure, yeah, he knows all. So, if he says there's no danger, the only thing he says, know that he said, "There's no danger". Then there won't be any problem.

Robert:

If anybody else says something that says, "Well, you need to adhere to the world," Jesus said, "Okay. As much as you can, live in peace with local authorities but if they're going to go crazy and try to do things to you, know that you're a kingdom citizen. You're not from us world. You're not even a, citizen of the kingdom on Earth unless you're born again.

Robert:

I got to hurry up here. I'm running a little long. But know this, once you're born again [inaudible 00:15:47] that you're in the kingdom of God now. Accept the citizenship. You're a citizen of Heaven. Now and forever. So, learn about the King, learn about the spirit world as much as you can. The Holy Spirit is here to teach you about the spiritual world. So learn. Say hello first.

Robert:

Anyway, I want you to drop me a note, [Robert@WhatWillitBePodcast.com](mailto:Robert@WhatWillitBePodcast.com). Make a donation if you want to. Thanks a lot. Come in to kingdom. Be born again. Live the high life. Good day.
